IGNIS

MARUTI SUZUKI

THE TOUGH URBAN

It's sporty. It's tough. Tough enough to take on the urban chaos. The busy roads. The narrow lanes. In the concrete jungle, it's a species that doesn't bow down to these elements. But moves through them. Quickly. Easily. With a design that's perfect to take on the rugged terrains of this habitat. It's the Tough Urban Ignis. Compact Urban SUV.

IT'S TOUGH. IT'S SPORTY.

Spotting the Ignis in the chaos is quite easy. With an imposing Chrome grille and Sturdy Front Skid Plate, it makes its presence felt in every corner, leaving those who glance upon it in awe. Get ready for attention as you zip through the streets.

STANDS HIGH. LOOKS TOUGH.

The Ignis has a Striking Rear Spoiler and a Sturdy Rear Skid Plate, which makes for a bolder and tough look. The high SUV like stance makes the Ignis easy to get in and out of. Moreover, its higher seating gives you better visibility. It's a car that looks tough and is able to manoeuvre through any road.

SPACIOUS AND COMFORTABLE

It's a tough world out there. But thankfully the story is different inside the Ignis. The spacious cabin and comfortable interiors will keep you calm, no matter what's outside.

PEPPY 1.2L VVT PETROL ENGINE

The Ignis ensures a peppy performance with a BS VI compliant 1.2L VVT Petrol Engine. This finely tuned engine is perfectly optimised to give you a great drive, whether you're cruising along the streets or manoeuvring through the narrow lanes.

AUTO GEAR SHIFT

The pace might be fast in the urban jungle but the traffic is slow. Worry not. The Ignis with Auto Gear Shift makes every drive smoother and more comfortable, without compromising on efficiency.

SMARTPLAY STUDIO

The Smartplay Studio allows you to test, call, play music and navigate easily through the city using steering mounted controls, or by simply using your voice*. Not only this, the Head from the rear camera allows you to easily park the car in the toughest of spots.

AUTOMATIC CLIMATE CONTROL

The Ignis is always comfortable as the Automatic Climate Control feature maintains the desired temperature for you.

*Applicable features are displayed may vary depending on different variants.
†Always use the phone system properly for your safety.
