 **MARUTI SUZUKI**

Light-years away from ordinary's depth and imaginations.

There exists a league.

Unparalleled and truly starlike.

So much so that everyone wants to be a part of it.

But the best part is you are not everyone.

And you will never be conquered by the mundane.

You are invincible. And we welcome you to

***THE LEAGUE OF
EXTRAORDINARY***

LEAGUE DEFINING LOOK

There's an air of sophistication that always prevails with the INVICTO. Its defiant front fascia and striking alloys give it a sharp, insubmissive look, which make it a sight to behold. Moreover, its strong stance oozes elegance and commands attention when it is on the move and even when it's not.

LUXURY IN MOTION

The view of the arch lights, the sound of the applause, and the camera flashes are best enjoyed from inside the INVICTO. And all you have to do is take your seat and enjoy the show. While you are in it, you can switch from normal view to panoramic through the sunroof whilst basking in the glory of the Ambient Lights, which add a sense of warmth and depth inside the cabin.

COMFORTABLY OPULENT

There's power in comfort. And that power helps you choose what sort of comfort you are in the mood for. Quiet at times. Groovy sometimes. But comfortably extraordinary all the time with ventilated seats in the front row, and plush captain seats in the 2nd row. For your added convenience, INVICTO comes with comfort enhancing features such as front and rear Multi-zone Climate Control and One-touch Powered Tailgate.

THE ART OF TECH

INVICTO extends the frontiers of refined driving with its state-of-the-art technology. It has everything from Digital MID to Cruise Control to a Powered Driver Seat with a Memory Function. And that's just the beginning. The real cherry on the top is that INVICTO is powered by Intelligent Electric Hybrid with multiple Drive Modes, which not only contributes to an unparalleled driving experience, but also the environment with low carbon emissions.

SAFETY EXTRAORDINAIRE

A good driving experience feels even greater when it meets unmatched safety. INVICTO is equipped with the revolutionary Suzuki Connect, which now comes with integrated eCall functionality. So, from operating your car remotely to providing rapid assistance, and shielding you with 6 airbags, INVICTO has left no stone unturned to make sure that you don't just arrive at a destination, but stay cocooned in advanced safety throughout your journey.
